Firebug Frightened By Guards

Many Victims of Highwaymen

MONESSEN MAY FORFEIT OPPORTUNITY TO PLAY FOR CHAMPIONSHIP

Highwaymen Are Active Near Bridge

Numerous holdups were reported in the vicinity of Wireton and on the Monessen-Charleroi bridge over the week end, but in each case the highwaymen have made their escape. The first victims reported their loss in Charleroi Thursday night, stating that after they had received their pay in the local mills, they were beaten and robbed while crossing the bridge, by five colored men

Last night, Joseph Vidnih, while returning to his home in Wireton, was held up by three colored men, who beat him over the head and relieved him of his wallet, containing $62 00. They were busily engaged in rifling his pockets, when a woman across the street gave the alarm from her bedroom window and the men fled. The victim returned to Monessen and reported the affair to the police at the police station, and was so frightened that he refused to return home until daylight.

At about seven o'clock yesterday morning, a short distance above the Victoria hotel several colored men were busily engaged going through the pockets of a man whom they held up at the point of a gun when Mike Kohut, who conducts a small store nearby, happened to come to the door of his store, and, taking the situation in quickly, at a glance, he secured a revolver, and firing into the air twice, frightened off the would be thieves.

SINN FEIN LEADERS ARE ARRESTED

(By United Press)

Dublin, Nov. 26.—Swooping down on leaders of the Sinn Fein movement, British forces today arrested Arthur Griffith, acting "president of the Irish Republic;" John McNeil, founder of the Irish Volunteers and several other high officials of the Republican organization.

The arrests of Griffith and McNeil came as a surprise. Both had been moderate in their public statements and had been allowed every freedom.

It was believed documents captured recently in the wholesale search by Irish Office officials and the military implicated them with the plots of extremists or that the government had decided to make a clean sweep of all Sinn Fein leaders, moderate or otherwise.

Since the murder of 14 British officers in Dublin Sunday there has been great activity and hundreds of suspects have been gathered in by soldiers and police.

The attacks last Sunday were supposed to have been engineered to destroy evidence British officials had compiled against Sinn Fein leaders. Many documents were destroyed in the raids and most of the officers shot were connected with the intelligence department of the British army. It was said Sinn Feiners hoped their deaths would prevent the Irish office from producing evidence necessary to punish Sinn Fein heads. Griffith is chief of the Dail Eireann, the Irish parliament and acting president of the "Republic" in the absence of Eamonn De Valera.

Resigns Position

Miss Mary Brandis, who, for the past two years has been employed at the Hooper & Long Shoe store, on Donner avenue, has resigned her position, to take effect the first of the month. Her resignation was made necessary on account of poor health. Miss Brandis made many friends while in the store, who will be sorry to learn that she is leaving.

Wounds Prove Fatal

(By United Press)

Ardmore, Okla., Nov. 26.—Jake Hamon, Republican national committeeman, died at the Hardy sanitarium at 8:18 a. m. today of acute dilation of the heart.

Hamon had been suffering from a gunshot wound since last Sunday.

NOTICE

The Ladies Aid of the First Christian church will hold their annual bazaar in the basement of the church Saturday, Nov. 27th, and will also serve a fresh roast pork supper; the charge will be 50c. Don't forget the Junior Endeavor will also have a booth at this bazaar. 43-3t

Death Was Caused by Home Brew

Joe Crisp, aged 35, a well known character of Donora, was found dead in bed this morning by fellow boarders. An autopsy was held this forenoon by Dr. P. A. Ley and it was found that death was due to an over dose of poisonhandle and Hoffman drops. Crisp and a number of companions had been on a spree Thanksgiving and not having sufficient whiskey, drank heavily of home brew and the deadly Hoffman drops

Wedding of Interest

Miss Rowena Jones, daughter of Mr. and Mrs. David Jones of Schoonmaker avenue, this city, and Mr. Cecil C. Parrish of Donora, son of Mr. and Mrs. I. M. Parrish of Chicago, Ill., were united in marriage on Wednesday evening, Nov. 24, 8:20 at the home of Rev. E. T. Carter, pastor of the First Baptist church, this city. Miss Jones is a popular and well known young lady in this city. Mr. Parrish is employed at the Donora Steel Works as assistant chief electrician. Mr and Mrs. Parrish left for their newly furnished home in Donora immediately after a wedding supper at the home of the bride's parents.

Mr. and Mrs. Andy Carson of Donner avenue left today for Washington where they will spend several days with Mr and Mrs. Gus Wright, former Monessen people.

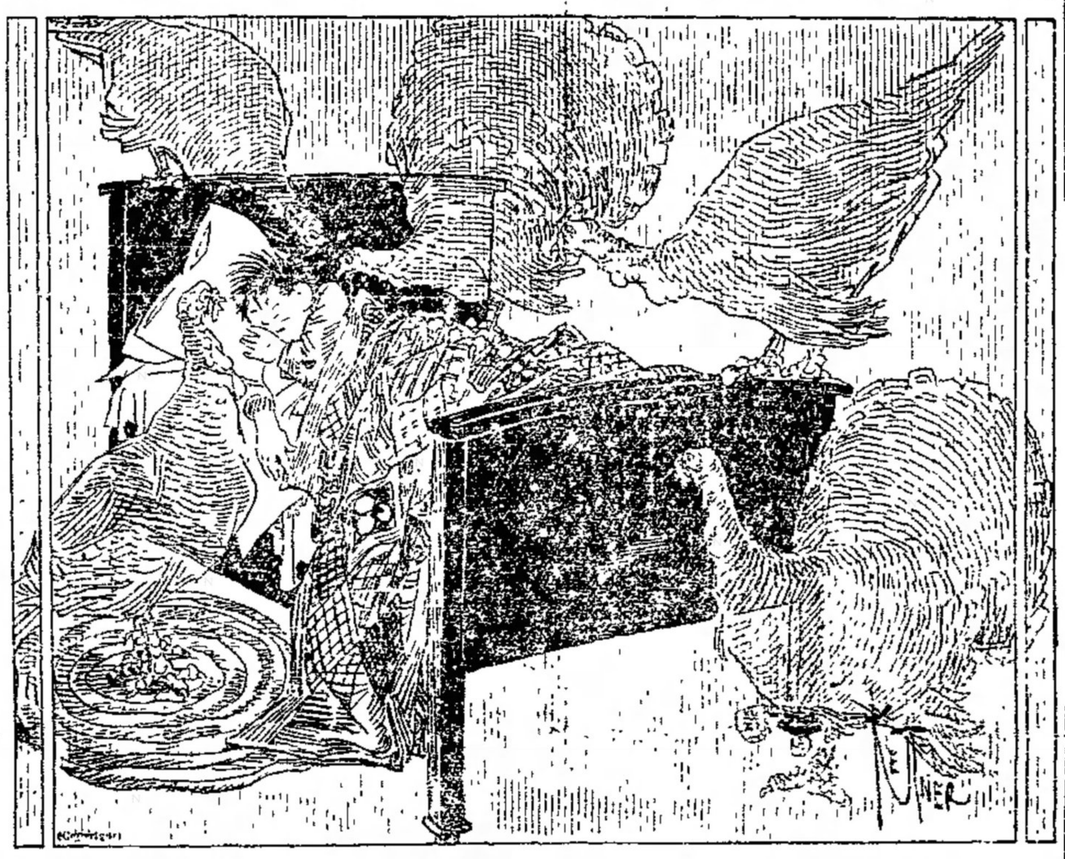
The Turkey's Revenge



FIEND THWARTED IN ATTEMPT TO SET FIRE TO BELLE VERNON SCHOOL

Quite a little excitement was created in Belle Vernon early yesterday morning when some unknown fiend attempted to burn the large public school building, located on the hill in that town. Watchmen on guard, however, chased the prebug away before any damage could be accomplished.

About four o'clock in the morning one of the guards heard a noise as if someone was breaking a window and upon investigation discovered a man attempting to gain entrance into the building. He hurried to call the other guards to his assistance, but in doing about gave warning to the man on the outside who started to run. The guards gave chase and fired eleven shots at the fleeing man but evidently none took effect as he made his escape.

The citizens of the town were aroused by the shots and close watch was kept for suspicious looking characters in the town, with the result that three arrests were made. One man with an empty suit case was picked up and another in a taxi but after questioning they were given their freedom. A third suspect who is still in the borough lockup is a deserter from the army. Guards have been placed about all the rural schools and it is certain that any further attempts to destroy school buildings will result in the capture of the fiends.

Pittsburgh Warehouses Hold Vast Quantities of Whiskey Much of Which Disappears

Pittsburgh, Nov. 26.—There are 14,600,001 gallons of whiskey stored in ware houses in the Pittsburgh district. The bootlegging value is $526,000,000, according to present quotations. Of course, there is some fluctuations in Pittsburgh booze prices. There is sort of a "bull" market, so far as prices are concerned, when the enforcement officers get too active and the whiskey runners pass the word to "lay off awhile" in such cases the supply where whiskey may be bought, gets scarce and profiteers take advantage of the situation and send prices up.

But the minute the dry agents relax, their vigilance here is a flood of whiskey and a "bear" market follows.

The whiskey racket has a most wonderful espionage system. It reaches everywhere and is even reported to have ramifications into the police departments.

This espionage system has been jokingly compared to the old Russian "third section" never had anything on the espionage system. None of the master minds have ever been apprehended and few of the lesser lights. It is only the small fry who land in Federal court.

HOW SEAL FUNDS ARE BEING USED

Christmas Seals and Health Bonds furnish most of the funds of the Pennsylvania Tuberculosis Society and 100 local affiliated organizations. They employ fifty nurses, health educators and other workers.

These workers . . . and disseminate facts on the prevention and prevention of tuberculosis.

Specifically they

Put the Modern Health Crusade in the schools.

Make health surveys for discovering cases of tuberculosis.

Show health motion pictures.

Make health demonstrations at fairs and on other occasions, using "Health Clown," "Picture Man" and "Fairy."

Secure publicity in newspapers.

Distribute literature and display posters.

Arrange "Health Days," "Health Campaigns," "Clean-up Weeks," "Health Plays."

Provide speakers on health topics for clubs, teachers' institutes, granges, etc.

Show tuberculosis exhibits.

Promote open-air and open window schools.

Assist with medical examination of school children and in follow-up work.

Join with other agencies in maintenance of health centers, baby clinics and child welfare stations.

Provide relief where necessary.

Help to secure hospital provision for advanced cases of tuberculosis.

Make it possible for those having tuberculosis to go to sanatoria.

SAW MIRAGE ON SIDEWALK

College Professor Records Interesting Observation He Made on the Streets of a City.

A curious case of sidewalk mirage was described by Prof. F. W. McNair of Michigan College of Mining. Prof. McNair wrote to Science:

"I was walking eastward on a cement sidewalk on a street running nearly east and west, and moving on a moderate grade which joins a nearly level stretch of walk. On reaching a point which brought my eye slightly above the level portion and at which normally the level stretch would have been seen in its entire length, but much foreshortened I observed instead what appeared to be a stretch of clear dark water covering the entire width of the walk and brilliantly reflecting moving persons and other objects in sight beyond it.

"The sky was clear, the air cool, the sun high. It was about 3 o'clock p. m., local time. There was a moderate breeze. The angle of observation was very small, probably not above three degrees. A step or two either east or west, and the water was gone, but within the proper limits, the illusion was definite and continuing. The weather bureau report for the day indicated that approximately 30 feet above the spot where the mirage was observed the air temperature was about 60 degrees F. and the humidity about 63 degrees."

The resemblance between conditions here described and those which produce the mirage on the plains is obvious.

"DRUGGISTS RIGHT IT'S WONDERFUL"

Lady Asserts that New Tonic Does all They Claim for it.

HEALTH BROKEN DOWN: SHE WAS A WRECK

"For years I was in a broken down state of health, but after vain attempts to regain my health I gave up having faith in medicine and would be feeling just that way yet if I hadn't read in the local paper of how Earle's Hypo-Cod was helping others in poor health. Somehow it appealed to me and I have taken it for some time now and it's wonderful," declared this lady whose name and address is given below.

"When I started taking this wonderful medicine I was so nervous and a such a wreck that I felt weak all day long and never like doing even the lightest sort of household work. At nights I wouldn't rest well and mornings I felt as tired as the night before, but without giving in detail the troubles I had I want to say that Earle's Hypo-Cod is all that they claim it to be and more, because I am feeling fine. I recommend it to my friends and relatives know how ill I was," continued Mrs. S. H. Platen, R. D. No. 1, Box 219 Youngstown, Ohio.

No woman, especially at this time of year, should fail to take a good strengthening tonic if they wish to avoid sickness, colds, coughs and kindred ills not to mention more dangerous diseases that are apt to attack them when their system is in a rundown condition.

Go down to the drug store and get a bottle or two of Hypo-Cod. Get back on your feet—feel better, improve your digestion, nerves, blood supply and whole system.

Earle's Hypo-Cod is sold here by all good druggists and the leading druggists in all nearby towns. 1t

Can You Answer Yes?

In the business of getting on in life saving is admittedly of far greater importance than earning or spending.

Do you save? Do you save haphazardly? Or do you save and bank consistently?

When you answer yes to the last query, you can begin to expect big things of the future.

REPUBLICAN IN POLITICS

THE PREVALANCE OF CRIME

These are times when big and little criminals are getting some rich hauls. The imagination of young men with a crooked streak is stirred by the tales of a million stolen from the San Francisco-New York Mail car, also of half a million dollars' worth of jewelry and furs taken from a New York residence.

Police reports from all over the country show a considerable increase in crime. Wars have always been followed by periods of violence and wrong doing. A great many young men are diverted from settled habits of industry and acquire vagrant habits. The wholesale killing leads them to undervalue the ordinary restraints of law, and promotes contempt for human life and loose views about property. These influences are now being felt and must be met by the community.

Efficient police forces are the principal reliance against outbreaks of crime. It is upon their alertness their courage and their mental ability that the people must depend. Men with penetrating minds must be encouraged to go into detective work as a life long career. The community should expect to pay well for these services that protect its safety.

Influences that in any way incite young men to misconduct must be suppressed. Movie shows or theatrical performances that make the life of crime seem easy and attractive should never be permitted. In actual life the way of the transgressor is hard, and no one should be permitted to give it any false glamor.

Automobiles are a great help to the criminal class, since they help robbers to get away quickly and quietly and place themselves a long distance from the scene of their act. But no matter how skillful they are, thieves almost always leave some trace behind. If police forces are well supported, the business of preying on the community can be made more difficult.

CHRISTMAS BUYING

People ought now to take up the matter of their Christmas purchases. The old time custom of everybody rushing into stores just before Christmas, buying goods right and left, then clogging the mails and express by mountains of small packages, is contrary to all reason. Thoughtful people keep their eyes open all the year for appropriate gifts.

Store clerks and mail and express employees dread the holiday season. A period supposed to bring gladness, which is celebrated to make people happy, brings hurried days and nights, overwork and sometimes break down to hundreds of thousands of people. It should be possible to celebrate the birth of Christ without making a lot of people almost sick.

Many people complain that they can't buy Christmas stuff in advance because they never have money ahead. That reason may be genuine in many cases, yet often the people who make it are throwing money away in silly purchases all the year.

It is impossible for merchants to serve the people efficiently when they all rush into the stores within a short period and buy as much in a week as ordinarily they would in two months.

One reason why so many foolish purchases used to be made at Xmas was that people could get very little attention in the crowded stores and grabbed for whatever they could get.

[illegible] a few days before [illegible] usually reach [illegible] after the holiday. Not much use to send it unless you can be more prompt. Xmas gifts should be bought and sent now, marked "Not to be opened until Christmas." Those who do that will have the warm thanks of all in retail trade and in the postal and express service.

Thousands Now Using Various Animal Glands in Tablet Form for Run Down Conditions

Seems to Work Wonders in Short Time, Making Life Worth While and Full of Health Instead of Sickness

Once people laughed at the idea that a thing like the "horseless carriage" could be. Not so long ago people joked about airships. But automobiles and airplanes proved themselves.

And now people have stopped laughing at gland treatment, for gland treatment seems to have proved itself, and is continuing to prove itself in new ways everyday.

Why Doings Won't Do

People used to relieve symptoms of run down conditions temporarily by dosing themselves with stomach and nerve stimulants. But that was before the full cause of run-down conditions was discovered. Some time ago it was discovered that in many cases weakness, thinness, enemia, and nervousness are due to run-down glands.

According to latest reports, glands govern the building up of the millions of cells in the muscles, brain and nerves. As long as the glands are healthy, the blood is rich and red, the muscles vigorous the brain keen, the nerves, strong. But naturally, when the glands are diseased, the blood, muscles, brain and nerves all suffer. In short, people are run-down when their glands are run-down.

YOUTH RESTORED THROUGH GLANDS

"An eminent surgeon has just startled the world with his claim that old men can be rejuvenated by removing certain exhausted and decaying glands and replacing them by similar glands taken from the bodies of healthy young monkeys.

More extended experimentation has proved that the serum extracted from the intestinal gland is just as efficacious in its effects as if the gland itself had been transplanted. This discovery precludes the necessity of operation.

The notion that certain glands of the body bear a very important relation to its nutrition and particularly to bodily energy and endurance, is not new. More than three decades ago the venerable Dr. Brown-Sequard performed certain experiments upon himself by injecting into his tissues the juices of glands obtained from the lower animals. He reported an extraordinary increase in his vigor and endurance."

(The above is reproduced from a newspaper article.)

Helping the Glands

The cause of the trouble seems to have been discovered. The thing to do is to help the run-down glands. Monkey glands are often used. But now splendid results are being obtained with gland extracts, taken from the glands of other vigorous young animals, such as sheep and cattle. These extracts are given to the patient in tablet form.

Frequently, marked improvement is noticed after the first few days; and often in a few weeks the patient is full of strength, energy and enthusiasm.

Secret Now Revealed

As a result of the wide interest in the newest medical discoveries, scientists have prepared a tonic containing gland extracts in tablet form. This is now available at any druggist's under the name of Glandex Compound.

In addition to gland extracts Glandex Compound also contains iron and other healthful ingredients which have been used for years as bodybuilders.

Already the demand for Glandex Compound is overwhelming; druggists find it hard to keep up their stocks of it. So it is suggested that you go to the nearest druggist for Glandex Compound at once. He is authorized to return your money if you do not feel a decided improvement in your health, strength and endurance in ten days.

LUCKY HORSESHOES

If good luck in years gone was sure to follow the finding of a horse shoe, double luck ought to follow the finding of one these days. For, tho horses have as many feet and so wear as many shoes as they formerly did, the horse is being crowded off the road by the auto. And many less horse shoes are lost.

Why was the finding of a horseshoe supposed to bring good fortune, anyway? Well, it was a matter of growth and changing of custom. There was a time when the thing to do was to nail up a horseshoe over the door as a protection against witches. Finally witches went out of fashion. Then the custom was twisted so it was construed if one found a horseshoe and nailed it above his door, he'd have good luck.

If it is a foolish thing to do, one might point to the fact that a pretty good man established a precedent. For Lord Nelson saw to it that a horseshoe was nailed to the mast of his fighting ship Victory.

Bicycling may have revived, but the time has not yet returned when the girls would pedal 75 miles over a dusty uphill road just for the company of somebody else's brother.

Automobile driving is claimed to put invalids back on their feet, and it also puts a good many other people on their backs on a hospital cot.

WHAT IS THE MATTER WITH THAT CHILD ?

When Children Grow Pale and Listless Their Blood May Be Weak.

PEPTO-MANGAN MAKES RED BLOOD

Sold by Druggists in liquid and tablet form—both the same in medicinal quality.

When your child loses color, acts and talks without spirit, and does not play like other children, act quickly.

If the condition is not a deep-seated disease but merely due to poor blood, give Pepto-Mangan. Gude's Pepto-Mangan is just the tonic for pale, thin children whose blood needs rebuilding. It is a pleasant-tasting, simple combination of exactly the ingredients that increase and enrich the blood.

Beneficial results show almost at once in brighter eyes, blooming cheeks, a sprightly step, and the whole system made more vigorous.

Pepto-Mangan is obtainable in liquid or tablet form, whichever proves most convenient. Both forms possess identical medicinal qualities.

There is but one genuine Pepto-Mangan and that is "Gude's." Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there, it is not Pepto-Mangan. Adv.

Man and Bonds Gone

(By United Press)

Portland, Ore., Nov. 21—Joe Doughty, former private secretary of "The Vanished Millionaire," Andrew Small of Toronto, Canada, remained silent today as to what had become of Small and of $190,000 in bonds which accompanied him.

Doughty, who arrived out of sight in December, 1919, simultaneously with Small and the $190,000, was apprehended yesterday at Oregon City, near here, and brought to Portland last night by detectives Austin Mitchell of Toronto.

Mitchell said he would start for Toronto today with his prisoner, with whom he appeared to be on friendly terms. He said he used to know Doughty quite well in Toronto.

Red Auto Found

(By United Press)

Philadelphia, Nov. 21—The automobile stolen from Harry T. Pierce, slain man, has been found in Wheeling, W. Va., according to information received by the police today. Detectives have left for that place. The murderers are believed to have escaped in the machine.

A woman believed by the police to have some connection with the automobile party which preceded Pierce's death was taken in custody as a witness early today but was later released on her promise to remain within call. The other women and a man known as "The Little Peacock" were questioned at the same time.

The police here now express the belief that the man who beat Pierce to death with a wrench is a former pugilist, residing in New Jersey.

Neice Holds Influence

Henry Dennison, aged and wealthy Swissvale man is under the influence of his niece Mrs Ella Vaught, and seldom is able to escape from her watchful eye, it was asserted in the course of a private detective at the trial in Common Pleas court in Pittsburgh yesterday in which a decree is being made to appoint Mr Dennistor mentally unable to look after his affairs. Other witnesses gave testimony tending to show the man well able to look after his business affairs.

Elton Ray, head of the Ray Detective Agency, testified that he had been employed by Dennison's lawyers to look after affairs in connection with the man's estate. His reports to Dennison's home revealed intimate friendship with the niece, he said. After Mrs Vaught came to keep house for Mr Dennison, Mr Ray said, his visits to the home were interrupted and confidential talks with the man were impossible. FORDSON

TRADE MARK

FARM TRACTOR

More than 150,000 Fordson tractors have been sold to farmers in the United States. They are helping those farmers do more and better work in less time and at less cost. North, East, South, West—everywhere the Fordson has proven itself a money-maker and a real necessity to the farmer. Besides it is helping mightily to solve the labor problem.

These one hundred thousand and more practical farmers have affirmed the economy—the exceptionally low fuel and operating cost—of the Fordson: its time and labor-saving qualities and its ability to increase production. The Fordson was built to be the most economical tractor: it is compact and devoid of excessive weight. And it is built of the same strong iron and steel as is the Ford car.

Winter or bad weather does not hinder the Fordson's usefulness. Day or night—twenty-four hours a day if you choose—you can utilize the Fordson.

Only so many Fordsons are allotted this territory. Orders are being filled in sequence—first come, first served. Let us have yours now.

There's a practical use for the Fordson every day of the year. Let's tell you. Come and have a Tractor talk. Give us the chance to make a demonstration on your own farm.

DRESSMAKER GIVES ADVICE

I underwent a surgical operation for gall stones 5 years ago, was in the hospital 4 weeks. For 1 year I felt better, but when my old symptoms and pains returned and I have suffered ever since. Four weeks ago on the advice of a lady I tried Mayr's Wonderful Remedy, and I now feel like a new woman. I have a number of friends who suffer as I did and I am advising all to try this valuable medicine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis One dose will convince or money refunded—Craig's Drug Store, and good druggists everywhere. 1t

"1900 Cataract" Washer

Saves Time and Money and Really Washes Clothes

The "1900" Cataract Washer is so simple in design and construction that no knowledge of machinery or electricity is necessary to produce work of the finest quality.

Considering laundress costs you actually save enough in one year to more than pay for the machine.

Our liberal offer of monthly payments will make you the owner of this wonderful Electric Washing Machine and Wringer.

We also offer free trial and demonstrations.
